I understand Reiki is a simple, gentle, hands-on energy technique used for stress reduction and relaxation. I understand that Reiki practitioners do not diagnose conditions, prescribe, or perform medical treatment, prescribe substances, or interfere with the treatment of a licensed medical professional. I understand Reiki does not take the place of medical care. It is recommended that I bring my animal to see a licensed veterinarian or healthcare professional for any physical or psychological ailments my animal may have. I understand Reiki can complement any medical or psychological care my animal receives. I also understand that the body can heal itself, and for this, complete relaxation is often beneficial. I acknowledge that long-term imbalances in my animal's body sometimes require multiple sessions to facilitate the level of relaxation needed by the body to heal itself.
